

# 35th AKA National Conference

March 22<sup>nd</sup>, 23<sup>rd</sup> & 24<sup>th</sup> 2019

Sydney Boulevard Hotel, 90 William St. Sydney

The 2019 National Conference brings together a variety of Kinesiology ambassadors sharing their knowledge, tips and techniques to enhance personal health and clinical practice. The regular catch up and networking with other practitioners brings renewed enthusiasm and vitality for the work we do. **So will you be there?** The next AKA conference isn't until late 2020 with a date yet to be confirmed.

**Our guest Keynote Speaker is Dr. Helena Popovic MBBS.** Helena is a medical doctor and leading authority on improving brain function. She will be speaking on the fascinating field of neuroplasticity, that reveals the brain can reorganise itself by changing its structure and function. It can grow new cells, new circuits and new connections in response to what we do, what we think and how we behave. The double presentation will come from a clinical perspective and also provide practical and easy to implement techniques to improve brain function. No topic paper will be included in the conference journal therefore attendance is strongly recommended.

Skills auctions, trade tables, balancing area, network table, Saturday, Sunday teas and lunches, Friday night drinks and canapes and the always enjoyable Saturday night dinner dance are **ALL** included in the **FULL** conference fee. Day and weekend packages are also available.

**REGISTRATION FORM** Download the registration form or register online by clicking the link or paste in your browser <https://www.aka.asn.au/page-2896323> Regular updates go to [www.aka.asn.au](http://www.aka.asn.au)
